EDUCATION

- **Technical University of Munich, Munich, Germany** *Jun 2021 – Present*
Ph.D. candidate, Transportation Systems Engineering
- **Technical University of Munich, Munich, Germany** *Oct 2018 – Oct 2020*
Master's degree, Transportation Systems
Thesis: Developing dynamic pricing methods for ride-sharing services
- **Sun Yat-sen University (985&211), Guangzhou, P.R. China** *Sep 2014 – Jun 2018*
Bachelor's degree, Traffic Engineering

RESEARCH EXPERIENCE

- **Intelligent Transportation System Laboratory, Kyoto University** *May 2023 – Jul 2023*
Visiting researcher Kyoto, Japan
– Evaluation and optimization of traffic resilience based on macroscopic fundamental diagrams.
- **Chair of Transportation Systems Engineering, Technical University of Munich** *Nov 2020 – Apr 2021*
Research assistant Munich, Germany
– Integrating the PCA into the simultaneous perturbation stochastic approximation algorithm.
- **Faculty of Electrical Engineering, University of Ljubljana** *Mar 2020 – Apr 2020*
Research assistant Ljubljana, Slovenia
– Developing ACT deployment scenarios linking individual driving with network.
- **Chair of Transportation Systems Engineering, Technical University of Munich** *Apr 2019 – Mar 2020*
Research assistant Munich, Germany
– Dynamic vanpool services: passenger preferences, operations modeling, and simulation-based quantification of impacts.

TEACHING

- **Winter semester** *Oct - Feb*
– Special Topics on Model Calibration
- **Summer semester** *Apr - Aug*
– Statistical Learning and Data Analytics for Transportation Systems
– Optimization for Transportation Systems
- **Theses supervision**
– Transfer learning for transportation system resilience estimation using floating car data (Nov 2022 - May 2023. Student: Ningkan Yang. Master's Thesis)
– Calibration of car-following models with genetic algorithm and particle swarm optimization methods (May 2022 - Oct 2022. Student: Yuting He. Bachelor's Thesis)

- 5 M. Qurashi, **Q. Lu**, G. Cantelmo, and C. Antoniou, “Pc-spsa: Implementation assessment and exploration of different historical data-set generation methods for enhanced dta model calibration,” in *3rd Symposium on Management of Future Motorway and Urban Traffic Systems*, 2020.

HONORS & AWARDS

- | | |
|--|------------------|
| • Traffic4Cast Competition 2022: Second Place, IARAI | <i>Nov, 2022</i> |
| • ITS Bavaria Award 2021: Best Master’s Thesis Award, ITS Bavaria | <i>May, 2022</i> |
| • Graduation Scholarship (DAAD STIBET), TUM | <i>Aug, 2020</i> |
